SCHOOL VISITORS/PRESENTERS POLICY

Recognizing the importance of time on task on student achievement and the growing requests to present to students by outside agencies, school administrators shall ensure that presentations do not negatively impact upon the opportunity for student learning.

In deciding what and when presenters are appropriate, schools shall utilize the following guidelines to help determine when presentations are appropriate:

1. Presentations shall support the curriculum outcomes of the course in which it is presented.
2. Audience size shall be limited by the ability of students to benefit from the presentation and shall be age appropriate.
3. When the presentation does not meet curriculum outcomes alternate times such as lunch hour, recess and after school shall be provided.
4. The decision on whether a presentation is appropriate shall be within the purview of the school administration.
